Letter ref: ACC4 C47

Dear Mr Buchta

Please find enclosed a formal certificate for your Open University Certificate in Information Technology and Computing award.

We expect that this certificate, together with the diploma supplement for this award that we sent to you earlier, will provide sufficient evidence of your academic achievement for any third party. However, should this not be the case and you require more or different information as evidence, you should write to me stating as clearly as possible the particular information you need. We try to meet all such requests quickly. However, if the information is needed by a particular date, it would be helpful to know this.

You may be interested to know that the University has approved the use of the designatory letters Cert IT & Comp (Open) by holders of this award.

The Open University is eager not to lose touch with you and has now established an Alumni Link programme to organise and facilitate this. If you want to keep in touch with us, it is important for you to let us know of any changes in your address or other personal details to enable us to carry out this role effectively.

Yours sincerely

A L Barker
Head of Awards and Ceremonies
